~Secret Vegas Lives Press Release~

Saint Paul, Minnesota: Saint Paul writer Laura Breck announces the October 22, 2009 electronic release of her first novel, *Secret Vegas Lives*, a contemporary romance/mystery, through Red Rose Publishing.

In *Secret Vegas Lives*, psychologist Valerie Kane reluctantly agrees to drop off a blackmail package for her cousin. Bestselling author Antonio Daniato has set a trap to capture *his* blackmailers, and is surprised when Valerie, a well-known socialite, stumbles into his arms. Even though he believes she's a blackmailer, Antonio is shaken by the intensity of his desire for her.

Surrendering to temptation, Valerie ignores her suspicion that he's the blackmailer, and lets hot blooded Antonio into her life. But Antonio lives a decadent double-life, and Valerie is hiding secrets of her own. Their outrageous sexual attraction keeps them in each other's arms, but mutual distrust prevents them from admitting their deeper emotions. Can their love survive, when *Secret Vegas Lives* are revealed?

Breck has been writing for three years, and has sold two novels to Red Rose Publishing.

Breck writes a sensual romance with a touch of mystery. "I am in a truly wonderful, loving, long-term relationship, and I share my domestic happiness through my characters, who emotionally commit to each other before they begin a physical connection." Her goal is to let readers know that love, in monogamous relationships, can be fun and spicy!

Another goal is to make a difference in the world. That is why each of Breck's books will sponsor a community program, and a percentage of her proceeds will be donated to that organization.

In Las Vegas, she's giving to The Shade Tree Shelter, a shelter for women, children and their pets.
